

Online Compliance System

Automated compliance solutions for projects of all sizes, including P3 and Design/Build.

Compliance requirements are necessary, but it doesn't have to be difficult and tedious. The Online Compliance System™ (OCS™) technology is designed to support our Small Business Program Management solution. OCS™ provides organizations with an automated ability to track and maintain compliance with the U.S. Department of Transportation's regulation (49 CFR Part 26).

It has a unique design specialized for ease of use on large scale Design / Build and P3 projects. OCS™ collects and organizes subcontractor data at multiple tiers while also presenting an enterprise view of project or program goals. Access is easy and streamlined for all stakeholders to submit, approve and report required data.
